

Artists in Schools

Up to \$20,000 for integrating
community arts partners as
part of the school day

About the Grant Program

Arts learning is an essential tool for healthy human development that should be available to all. The Artists in Schools program augments and enhances the work of classroom teachers and school-based arts programs by bringing arts resources from within the local community into the school culture.

Artists in Schools grants support projects that integrate community arts partners into culturally and linguistically responsive, sequential, standards-based arts learning for students in preschool through Grade 12 as part of the regular school day, and that address the unique circumstances of the school environment.
