

# Arts Education Exposure

Up to \$20,000 for student attendance at arts performances and exhibits

## About the Grant Program

Arts learning is an essential tool for healthy human development that should be available to all. Arts Education Exposure grants support attendance at high-quality performances and exhibits for students who would particularly benefit from these experiences. Students may be identified as priority communities for participation due to socio-economic status, geographic region, or other aspects of students' life experiences that elevate the impact of having opportunities to engage with these cultural assets. Exposure program experiences may include art exhibits and performances, field trips to arts venues, or in-school assemblies.

Experiences will offer deep cultural resonance with the student communities served and will be complemented by pre- and post-attendance activities, such as artist talkbacks, teaching artist workshops, and facility tours.

## Applicant Resources
