

Organizational Development

Up to \$5,000 for consulting projects for arts organizations

About the Grant Program

Organizational Development provides practical services and resources to arts organizations, rooted in the California Arts Council's belief that best practices, quality research, and emerging models inform our work to provide the highest quality of service to California's communities.

Organizational Development grants provide funding for one-time consulting activities to build arts organizations' capacity for sustainability and success. Examples may include audits, earned income strategies, financial management and budgeting, strategic planning, board development, public relations, program evaluation, software implementation, and web design.
