

# Statewide and Regional Networks

Up to \$30,000 for arts service organizations and networks

## About the Grant Program

The Statewide and Regional Networks program is rooted in the California Arts Council's role in building a strong foundation for the arts in our state. The program provides general operating grants in support of arts service organizations and networks with regional or statewide reach.

These organizations preserve, present, and promote specific cultural practices, artistic disciplines, or creative initiatives. Together, they represent the diversity and complexity of California by providing specialized, practical services for artists, arts organizations, and cultural communities, and by advancing the arts and cultural ecosystem statewide.
